

# GUSTAVO HENRIQUE OLIVEIRA

## JUNIOR SOFTWARE DEVELOPER

Driven by a passion for software development, I have focused my professional growth on the continuous enhancement of programming skills, adherence to best coding practices, and mastery of systems architecture. Drawing from my prior experience in infrastructure and systems analysis, I have cultivated a comprehensive understanding of the application life cycle, which has facilitated the creation of more efficient and sustainable solutions. I am committed to ongoing learning, actively exploring new languages, frameworks, and agile methodologies, with the aim of establishing myself as a versatile and results-driven developer.
